

Object

IMoveOnly

ph::editor::DesignerScene

```
graph BT; ph::editor::DesignerScene --|> Object; ph::editor::DesignerScene -.-|> IMoveOnly;
```

The diagram illustrates the relationships between three classes: Object, IMoveOnly, and ph::editor::DesignerScene. Object and IMoveOnly are positioned at the top, while ph::editor::DesignerScene is at the bottom. A solid line with an open arrowhead points from ph::editor::DesignerScene to Object, indicating inheritance. A dashed line with an open arrowhead points from ph::editor::DesignerScene to IMoveOnly, indicating realization or a similar dependency relationship.
