

Object

IMoveOnly

ph::editor::DesignerScene

```
classDiagram
    class Object
    class IMoveOnly
    class DesignerScene["ph::editor::DesignerScene"]
    DesignerScene --|> Object
    DesignerScene ..|> IMoveOnly
```

The diagram illustrates the relationships between three classes: Object, IMoveOnly, and ph::editor::DesignerScene. Object and IMoveOnly are positioned at the top, while ph::editor::DesignerScene is at the bottom. A solid line with an open arrowhead points from DesignerScene to Object, indicating inheritance. A dashed line with an open arrowhead points from DesignerScene to IMoveOnly, indicating realization or generalization.
